SIXTH GRADE PROGRAM

REQUIRED COURSE OF STUDY

Students will be enrolled in teaching teams that include language arts, social studies, mathematics, and science. Students will also have either music or exploratory and physical education. Students attend RAM each day, opposite of lunch, which is a designated period of time for sustained silent reading and academic support. Students typically travel with the same group of students throughout the day.

ELECTIVE COURSE OF STUDY

Exploratory—A 6th grade elective that enhances the academic courses through a variety of activities.

Sixth grade students may request orchestra or band, but music is not required. **These courses require a year long commitment!** Regular practice at home is essential and a letter grade will be given in these two courses.

Band – This course provides students an opportunity to play a musical instrument and perform as a group in one of the school bands. **No experience is necessary.** Evening performances are required.

Orchestra – This course provides students an opportunity to play a stringed instrument and to perform as a group. **No experience is necessary.** Evening performances are required.
