

Dear RAM families,

I want to begin with some good news. The results from our Color Run are in and our collective student body raised over \$16,000 for our school. Thank you to all those who participated. Your efforts will help to ensure we have plenty of fun activities and events for everyone to enjoy this school year. Speaking of enjoyable events, our Twin Peaks Choir is performing its fall concert at the Poway Center for Performing Arts this Tuesday at 7:00pm. Also on Tuesday, Builders Club begins its weekly meetings during second lunch in the MPR.

On Wednesday, we hope you'll join us for a viewing of SCREENAGERS: Growing Up in the Digital Age. This event, which is brought to us by the Twin Peaks and Poway High PTSAs, and SOLE Effects, is a documentary about one of the biggest parenting issues of our time. After the movie, college students will briefly give their perspectives on how they've best utilized their technology in positive ways. The goal is to learn balance and ensure our students are not continually tethered to their devices. We believe this presentation will be eye-opening to parents and students alike. Screenagers will be shown at Poway Center for the Performing Arts on October 12th from 6:30 to 8:30pm. Tickets are \$10 online at www.soleeffects.com/screenagers (\$15 at the door). All proceeds will go directly to our SWITCH Leadership Program. Tickets are limited.

The 6th annual Twin Peaks Garage Sale is only 2 weeks away on October 22nd. Please continue to donate your new and gently used items. The Foundation will be collecting donations again this Friday from 3 to 3:30. Please consider volunteering to help with the sale or donating food and water to keep our volunteers going. Contact Ruth Wong at rctwong@gmail.com if you would like to volunteer or bring food items. Contact Stacey Horvath at staceyhorvath@cox.net if you have middle or high school students who would like to earn volunteer hours. Thank you for your support

That's it for now. I look forward to seeing you all tomorrow, and remember, it's a 1/3/5 day.

Sincerely,

Dr. Burke
